November 2-5, 2022

ISFTD 2022

LILLE

PARIS

PROGRAM

Lille - **Thursday** Nov. **03**, 2022

ISFTD 2022 LILLE PARIS

7:00 - 9:00

Breakfast | Conference registration

8:30 - 9:00

Opening speeches

9:00 - 9:30

Lecture : *From Neuropathology to Symptom and Network : Lessons from FTLD in Primary Progressive Aphasia (PPA)*
Marsel M. Mesulam (United States)

9:30 - 9:45

Coffee break

9:45 - 11:45

- *Early clinical markers :* ***Olivier Piguet*** *(Australia)* *(15 min)*
- *Right temporal variant frontotemporal dementia :* ***Hulya Ulugut Erkoyun*** (Netherlands) *(15 min)*
- *International network on PSP/CBD research :* ***Guenter Hoglinger*** (Germany) *(15 min)*
- *Clinical and pathologic features of cognitive-predominant corticobasal degeneration :* ***Nobutaka Sakae*** (Japan) *(15 min)*
- *Speakers selected on abstract* *(3x10 min)* • ***Round table*** *(30 min)*

11:45 - 12:00

Poster blitz presentation *(5x3 min)*

12:00 - 13:30

Lunch | Posters session | Ancillary meetings

13:30 - 15:10

- *NFL :* ***Dario Saracino*** (France) *(15 min)*
- *Molecular mechanisms and biomarkers in frontotemporal dementia :* ***Annakaisa Haapasalo*** (Finland) *(15 min)*
- *Importance of fluid biomarkers in the diagnosis of FTD :* ***Harro Seelaar*** (Netherlands) *(15 min)*
- *Speakers Selected on abstrats* *(2x10 min)* • ***Round table*** *(20 min)*

15:10 - 15:40

Coffee break

15:40 - 17:30

Lecture : *Promises and pitfalls of Alzheimer's biomarkers in patients with FTD syndromes :*
Renaud La Joie (United States) *(25 min)*

- *MRI in frontotemporal dementia : state of the art, promises and challenges :* ***Federica Agosta*** (Italy) *(15 min)*
- *PET imaging of synaptic health in syndromes associated with frontotemporal lobar degeneration :* ***Maura Malpetti*** (United Kingdom) *(15 min)*
- *Modeling disease progression in genetic frontotemporal dementia :* ***Esther Bron*** (Netherlands) *(15 min)*
- *Speakers Selected on abstrats* *(2x10 min)* • ***Round table*** *(20 min)*

17:30 - 18:45

- *Memory Impairment in Frontotemporal Dementia :* ***Bradley Boeves*** (United States) *(15 min)*
- *Speakers Selected on abstrats* *(2x10 min)* • ***Round table*** *(30 min)*

Lecture : *New genes (since 2020) in FTD and their clinical features*
Cyril Pottier (United States) *(25 min)*

19:00 - 22:30

Welcome party + dinner for affiliated members of the ISFTD

Lille - **Friday** Nov. **04**, 2022

ISFTD 2022 LILLE PARIS

7:00 - 8:00

Breakfast | Ancillary meetings

8:00 - 8:25

Lecture : *Data from the FRONTotemporal dementia Incidence European Research Study' :* ***Giancarlo Logroscino*** (Italy)

8:25 - 8:50

Lecture : *Anatomical correlates of social cognition in patients with the behavioral variant frontotemporal dementia* ***Sandra Baez*** (Colombia)

8:50 - 9:15

Lecture : *COVID-19 and Dementia : Challenges and opportunities for reframing care* ***Suvarna Alladi*** (India)

9:15 - 9:45

Coffee break

9:45 - 11:30

Parallel sessions

- *From Neurodevelopment to Neurodegeneration: Clues from Genetic FTD :* ***Elizabeth Finger*** (Canada) *(15 min)*
- *Disparate cellular networks of tau vs TDP-43 proteinopathies in frontotemporal dementia :* ***David Irwin*** (United States) *(15 min)*
- *Structures of pathological TDP-43 filaments in human neurodegenerative disease :* ***Benjamin Ryskeldi-Falcon*** (United Kingdom)
- *Speakers selected on abstracts (3x10 min)* ***Round table*** *(30 min)*

CARERS SESSION

11:30 - 11:45

Poster blitz presentation *(5x3 min)*

11:45 - 13:45

Lunch | Posters session | Ancillary meetings

13:45 - 16:00

Parallel sessions

- ***Need to be confirmed*** *(15 min)*
- *Microglia and Astrocyte Function in FTD* ***Delphine Boche*** (United Kingdom) *(15 min)*
- *Loss of function splicing :* ***Pietro Fratta*** (United Kingdom) *(15 min)*
- *The Autophagy / Lysosomal Pathway in FTD :* ***Li Gan*** (United States) *(15 min)*
- *Speakers selected on abstracts (4x10 min)* ***Round table*** *(30 min)*

CARERS SESSION

16:00 - 16:45

Coffee break | General assembly of the ISFTD

16:45 - 17:00

Presentation of the next site for the 2024 congress

17:00 - 18:25

Parallel sessions

- *Clinical and pathological aspects of FTLD-FUS and FET proteinopathies :* ***Ian Mackenzie*** (Canada) *(15 min)*
- *Investigating a role for progranulin in PINK1/Parkin mitophagy using induced pluripotent stem cells :* ***Selina Wray*** (United Kigdom) *(15 min)*
- *Speakers selected on abstracts (3x10 min)* ***Round table*** *(30 min)*

CARERS SESSION

18:25 - 18:55

Lecture : *Molecular basis of glial pathologies in FTLD :* ***Eric Huang*** (United States) *(30 min)*

19:00 - 00:00

GALA dinner

Lille - **Saturday** Nov. **05**, 2022

ISFTD 2022 LILLE PARIS

7:00 - 8:00	Breakfast	Ancillary meetings	
8:00 - 8:30	**Lecture :** *Interface between psychiatric diseases and FTD* ***Simon Ducharme*** (Canada)		
8:30 - 9:55	• *Psychotic symptoms in FTD :* ***Katherine Rankin*** (United States) *(15 min)* • *Speakers selected on abstracts (2x10 min)* ***Round table*** *(30 min)*		
9:45 - 10:15	Coffee break		
10:15 - 12:00	**Lecture :** *Neurocognitive allostatic interoception in neurodegenerative diseases (25 min)* ***Agustin Ibanez*** (Argentina) • *The application of the mini-SEA in clinical diagnostics :* ***Maxime Bertoux*** (France) *(15 min)* • *Primary Progressive Aphasia (PPA): Northwestern Anagram Test (NAT) :* ***Sandra Weintraub*** (United States) *(15 min)* • *Speakers selected on abstracts (2x10 min)* ***Round table*** *(30 min)*		
12:00 - 12:15	Poster blitz presentation *(5x3 min)*		
11:45 - 13:45	Lunch	Posters session	Ancillary meetings
13:45 - 14:45	• *Hot Topics*		
14:45 - 16:15	• *Communication and Quality of Life Interventions for PPA: Where are we now? :* ***Emily Roglaski*** (United States) *(15 min)* • *Therapeutic Development for Frontotemporal Degeneration :* ***Adam Boxer*** (United States) *(15 min)* • *Speakers selected on abstracts (3x10 min)* ***Round table*** (United States) *(30 min)*		
16:15 - 17:00	• *Consortia :* ***GENFI Jonathan Rohrer*** (United Kingdom) *(10 min)*, ***ALL FTD*** *(10 min)*, ***ROUND TABLE*** *(15 min)*		
17:00 - 17:30	**Prizes ceremony & Closing remarks** **End**		

Lille - **Friday** Nov. **04**, 2022
Caregiver day

ISFTD 2022 LILLE PARIS

9:45 - 11:30 — **Parallel sessions**

- *Overview of clinical features in the FTD spectrum (PPA, CBD, PSP, ALS)* ***Need to be confirmed*** *(10 min + 5 min questions)*
- *The diagnostic process : from hesitation to complementary examinations* ***Need to be confirmed*** *(10 min + 5 min questions)*
- *Behavioural variants of FTD* ***Need to be confirmed*** *(10 min + 5 min questions)*
- *Genetic in FTD* ***Need to be confirmed*** *(10 min + 5 min questions)*
- *Speakers selected on abstracts (3x10 min)* ***Round table*** *(15 min)*

11:30 - 11:45 — **Poster blitz presentation** *(5x3 min)*

11:45 - 13:45 — **Lunch** | **Posters session** | **Ancillary meetings**

13:45 - 16:00 — **Parallel sessions**

- *Local experiences - Patient Therapeutic Education - psycho-social support and baluchonage* ***Need to be confirmed*** *(3 x 5 min)*
- *European experiences - partner program* ***Need to be confirmed*** *(15 min)*
- *Local experiences in supporting caregivers in the USA* ***Need to be confirmed*** *(10 min)*
- *Accompanying the children of person with dementia* ***Need to be confirmed*** *(10 min)*
- ***Round Table*** *(30 min)*
- *Creative workshop to express the feelings of patients and relatives* ***Need to be confirmed*** *(10 min)*
- *Caregivers' testimonies (4x5 min)*

16:00 - 16:45 — **Coffee break** | **General assembly of the ISFTD**

16:45 - 17:00 — **Presentation of the next site for the 2024 congress**

17:00 - 18:25 — **Parallel sessions**

- *What are the contributions of biomarkers (imaging, blood, CSF, others…)* ***Need to be confirmed*** *(15 min + 10 min questions)*
- *Role of brain and tissue donation* ***Need to be confirmed*** *(10 min + 10 min questions)*
- *Non-pharmacological clinical trials* ***Need to be confirmed*** *(10 min + 10 min questions)*
- *Therapeutic Trials* ***Need to be confirmed*** *(10 min + 10 min questions)*

18:25 - 18:55 — **Lecture :** *General public conference on physiopathology (30 min)* ***Simon Ducharme***

ISFTD 2022 LILLE PARIS
